

POWER OF NATURE

PRODUCT CATALOGUE

ABOUT US

Annabis is a cosmetic company based in the Czech Republic. The company deals with research, development, manufacture and production of high-quality hemp products and food supplements. Our products are based on many years' experience and long-lasting relations with cosmetics experts and our customers use hemp products for a wide range of needs with outstanding results. High specialization, professionalism and intense orientation on customers have enabled a dynamic development of the company and its place among market leaders.

The certified hemp varieties we use for cosmetic manufacture have no psychoactive effects. Our products based on these hemp varieties are entirely safe and there is no reason to be afraid of habit-forming substances and medical consequences.

INNOVATION

Thanks to the popularity of our products in the markets, we continuously extend our product range. Our attention is therefore focused on research and development of new products. Innovations are the key factor of our success. Research activities are secured by a team of experienced researcher professionals, in cooperation with partner companies, research institutes, colleges and universities throughout the Czech Republic and foreign countries.

PRODUCTION

Our production is situated in the European Union and takes place in ISO 22716 and ISO 9001:2015 certified laboratories. We focus not only on the inspection of a final product but also on testing of raw materials, packaging and examination of the entire production process. All workers included in the production process are trained regularly in the fields of hygiene, safety regulations and manufacturing processes.

- Hemp seed oil of the highest quality
- No psychoactive effects
- Balanced ratio of essential oils
- Wide range of high-quality products

A photograph of a person lying on their side on a massage table, receiving a massage. The masseuse's hands are visible, applying pressure to the person's back. The person's skin is glistening with oil. A white target icon with concentric circles is overlaid on the person's back. A green banner with a white dotted border is positioned at the bottom left, containing the text 'Commercial Size Packaging'. Below the banner, the text 'Healthy movement' is written in a simple font.

**MENTHOL
HEMP GEL**

packaging: 500 ml

**CANNOL
OIL**

packaging: 500 ml / 250 ml

CZ-BIO-003

100% ORGANIC HEMP OIL

The 100% cold pressed hemp seed oil in Organic quality is naturally without the THC content. The oil is unique in its composition, characterized by its aroma, distinctive green colour and delicate nutty flavor. The unique relationship between the fatty acids Omega 3 and Omega 6 corresponds to the natural needs of the human organism. These include healthy fats, which are indispensable for human health. Hemp oil is also rich in vitamins, minerals, vegetable dyes and phytosterols. Many of these substances are necessary for human health, the body is unable “to make” them and is entirely dependent on their provision in food. Hemp oil is ideal for cold dishes: salads, dressings, spreads, etc.

Hemp oil contains, e.g.:

- More than 80% of unsaturated fatty acids
- Vitamins (A, B - groups, E, C and D)
- Minerals (Calcium, Magnesium, Potassium and Iron)
- Phytosterols
- Vegetable dyes (chlorophyll, carotenoids)

Vegan

OUR DIRECTION

“Our mission is to bring the highest quality hemp products to the market and by virtue of their production increase the life quality of most of the people.”

Our attention is focused on the research and development of new products. Innovations are the key factor of our success. Research activities are secured by a team of experienced research professionals working in cooperation with partner companies, research institutes, colleges and universities throughout the Czech Republic and foreign countries.
